Great news about our DAIM cake!

Free From Food Awards 2013

Almondy is delighted to announce that our DAIM tårta has been highly commended at the prestigious FreeFrom Food Awards 2013 on 16th April. The DAIM tårta was one of over 340 products that were entered for the FreeFrom Food Awards

A team of 50 expert judges tested freefrom products across 15 categories including Plant 'Milk', Spread, Cheese & Desserts; FreeFrom Breakfast Cereals; Grocery; Ready Meals; and Savoury Biscuits and Snacks. In order to be eligible to enter the awards the products must be free from one or more of the ingredients (including wheat, gluten, dairy, eggs, yeast, nuts and soya) that trouble so many people. It is estimated that globally between 220 and 250 million people suffer from food allergies (World Allergy Organisation) and this figure is continuing to rise.

Commenting on the results Michelle Berriedale-Johnson, editor of FoodsMatter who chairs the judging sessions said: "There were many dishes that were free from a number of allergens, yet tasted and looked as good as any conventional product and we recognise that to achieve this takes significant skill and investment from the food industry. **Our congratulations to the winners and to those whose products were commended; the standard this year was the highest yet and we look forward to seeing what 2014 will bring!**"

Thank you for all your support!
